Carlos Iván Márquez is an audio manipulator based in Central Florida. Born and raised in San Juan, Puerto Rico, he creates captivating experiences by twisting sounds into beautiful yet anguishing soundscapes. His solo work, ***The Pulse Diaries***, and the collaboration with his long-time friend César Dávila-Irizarry, ***Hide the Potion***, are characterized by a careful balance of chaos and harmony. Carlos Iván is constantly exploring new ways to express emotions and convey his own story, as well as the stories of others.
